

Restore Liberty

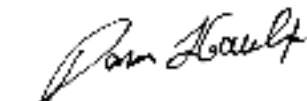

A Republic if **YOU** Can Keep It

Laura Pritchett

Today's education establishment lives to maintain the power of unions and boards over the desire for quality education. Educators and the system of education, in general, are supposed to focus on what is best for students. Instead, far too many in the establishment only work to maintain their desire for control, not to excel. As a result of the consistent overreach of governing bodies at every level, it's time for true service-minded people to restore liberty to America for all people.

Laura Pritchett is just that kind of person. A Christian, wife, and mother combine into a humble servant and a community volunteer with the desire to preserve what is best for all Americans. Her faith and adherence to constitutional rights and governance make her the perfect candidate for any office. With more than 25 years in business, where she is widely recognized for her excellent leadership skills, she brings a wealth and variety of experience few can match. She will faithfully serve the students at the Tarrant County Community College when she is elected as a Trustee.

It is with great pleasure and honor that I extend my highest endorsement to Laura Pritchett for Tarrant County College Board of Trustees for District 4. As a retired senior military officer and Co-founder of Restore Liberty, I know she will bring integrity to the institution and focus on good education. She truly is an American Patriot.

Darin Gaub, Lieutenant Colonel (ret), US Army
Co-founder and National Spokesman, Restore Liberty 501c4, c3
